Cooler

Thermoelectric Cooler - 40x40mm
SG\$18.00

Thermoelectric coolers (TEC or Peltier) create a temperature differential on each side. One side gets hot and the other side gets cool. Therefore, they can be used to either warm something up or cool something down, depending on which side you use. The Th [\[Product Details...\]](#)

Theragrip Thermal Tape
SG\$5.20

Aavid Thermalloy Theragrip is a double sided tape for ceramic or metal heatsink packages. Theragrip provides both good thermal performance and excellent electrical isolation. [\[Product Details...\]](#)
